SUMMARY

Creative and digital designer with 15+ years of graphic-design experience across brand identity, visual communication, presentations, digital content, marketing materials and print/editorial production. Combines established visual-design practice with practical AI-assisted creative workflows, web literacy, UX knowledge and video/content production. Recent work in an international tourism/DMC environment includes client-facing presentations, digital materials, webinars, events, social content and landing-page support. Comfortable turning incomplete source material into polished visual communication and working independently across fast-moving, multi-channel requests.

CORE SKILLS

Creative & Digital Design | Graphic Design | Visual Communication | Brand Identity | Presentation Design | Digital Content | Social Media | Web Content | Landing-Page Support | Marketing Design | Video / Motion Content | AI-Assisted Creative Workflows | Creative Production | Accessibility / Inclusive Design | Figma | Adobe Creative Cloud | Canva | HTML5 | CSS3

PROFESSIONAL EXPERIENCE

Compass Brazil DMC — Compass Group | Senior Graphic Designer / Visual Designer | Aug 2023 – Present | Rio de Janeiro, Brazil | Hybrid

- Design client-facing and executive presentations for tourism products, destinations, tours, hotels, restaurants, itineraries and vouchers in an international DMC environment.
- Produce digital and visual communication for webinars, trade events, newsletters, social media and print/digital channels under short turnaround requirements.
- Use AI-assisted workflows for ideation, copy development, image support, layouts and wireframes to accelerate creative production while retaining human editorial and design judgment.
- Develop presentation and communication materials from limited or unavailable source material by gathering information, supporting copy development, selecting imagery and establishing visual hierarchy.
- Support landing-page and web-related production using HTML/CSS and work across Canva, Affinity, video editors, Mailchimp, Meta tools and InCicle.
- Create and maintain product visuals and supporting information used in quotation and sales materials.
- Delivered a Canva workshop for tourism operators, helping internal users handle simpler visual requests independently.

Freelance | Graphic Designer, Illustrator & Web | Jan 2018 – Aug 2023 | Remote / Rio de Janeiro, Brazil

- Managed end-to-end design engagements spanning logos, rebrands, visual identities, brand manuals, print materials, digital assets and basic HTML/CSS websites.
- Completed 50+ client engagements/requests across varied scopes, from individual logo and rebrand projects to broader identity and communication packages.
- Owned client communication, creative development, presentation/defense, revisions and final delivery.
- Worked across Adobe Creative Cloud, Figma, Canva, Premiere and web technologies.

Instituto Benjamin Constant (IBC) | Graphic Designer — Contract | Dec 2021 – Aug 2022 | Rio de Janeiro, Brazil

- Adapted textbooks and general-reading books for students with visual disabilities, adjusting typography, sizing, contrast and image treatment for low-vision use.

- Prepared accessible educational and reading materials using InDesign, PageMaker, Photoshop and GIMP.
- Recommended replacing PageMaker with InDesign and created a reusable master pagination/tabulation file to support future adaptations.
- Adapted approximately 20–25 books based on current recollection, including a technically challenging high-school Biology book.

WeCloneYou | Virtual Assistant & Visual Designer | Sep 2022 – Dec 2022 | Remote | US real-estate client

- Supported a Dallas/Fort Worth real-estate professional with CRM administration and Instagram content production, excluding paid advertising.
- Established a consistent visual identity for social posts and created the client's first Reels/video content from raw images and video.
- Worked directly with a US client, combining visual design, social-media production and operational support.

ZENNI & LASTA LTDA / MOVEUP | Graphic Designer | Jul 2021 – Nov 2021 | Brazil

- Created visual identities, brand manuals, logos and communication materials for small-business clients.
- Worked independently across Photoshop, Illustrator, InDesign, Figma, Canva and Premiere.

SouthAmerica.travel / 4-Stars Turismo | Tour Operator | May 2016 – Apr 2021 | Rio de Janeiro, Brazil

- Managed domestic and international tourism operations, coordinating hotels, activities, restaurants, guides and other suppliers.
- Created a standardized operational questionnaire for sold bookings to reduce recurring clarification and email back-and-forth.
- Trained other operators on spreadsheets, the questionnaire and the New Tierra operating system.
- Communicated in English with international suppliers and supported complex destinations including Amazon and Pantanal lodges and cruises.
- Redrew the company's low-resolution JPG logo as a vector in CorelDRAW as an independent design initiative.

GOL Linhas Aéreas | Airport Assistant | Nov 2014 – Nov 2015 | Brazil

- Assisted passengers with information, accessibility needs, check-in kiosks and boarding-line organization.
- Selected to make bilingual English/Portuguese gate announcements and support international boarding.
- Created a pronunciation guide to help Brazilian staff deliver English gate announcements.

Pontos Cardeais Turismo | Tour Operator | Nov 2015 – Mar 2016 | Brazil

- Processed customer requests and arranged hotel, car-rental and flight reservations, including payments and receipts.
- Provided customer service and used English with international clients.

Base Concept Hotel | Bilingual Receptionist / Telephone Operator | Jun 2014 – Oct 2014 | Brazil

- Handled bilingual telephone service, guest information, check-ins, registrations, payments and front-desk communication during the 2014 World Cup period.
- Resolved booking discrepancies and trained another receptionist near the end of the assignment.

Ace Texas | Co-Founder / Operations | Sep 2011 – Aug 2013 | Brasília, Brazil

- Co-founded and operated a legally established Texas Hold'em poker venue with a business partner.
- Managed cash flow, personnel, purchasing and day-to-day operations.

Banco do Brasil | Financial Analyst II / Bank Clerk | Dec 2007 – Dec 2011 | Brazil

- Progressed from retail banking to an internal financial-analysis role focused on asset analysis and authorization of agricultural and livestock loans.
- Provided customer service and resolved day-to-day banking issues within a highly regulated environment.

EDUCATION

- Specialization in Artificial Intelligence — School of Artificial Intelligence, 2026. Focus includes Machine Learning, Neural Networks, Computer Vision/OpenCV, NLP, LLMs, RAG, AI Agents and LangChain.
- Postgraduate Degree in Front-End Development — Anhanguera Educacional, 2026.
- Postgraduate Degree in User Experience (UX) — Anhanguera Educacional, 2025.
- Bachelor's Degree in Graphic Design — Universidade Cruzeiro do Sul, 2020.

LANGUAGES

Portuguese — Native | English — C1 | Spanish — Basic

VARIANT C — POSITIONING NOTES

Positions AI, digital and web literacy as extensions of a design career rather than an engineering-first identity. Intended for Creative/Digital Designer, Digital Content Designer and selected AI-assisted creative roles where strong graphic-design fundamentals remain central. UX and Front-End remain supporting capabilities; unsupported performance percentages, conversion claims and lead counts are excluded.
